

## TEN YEARS, TEN REASONS

- 1.** Qualified candidates run on a level playing field.
- 2.** Candidates spend more time with voters and less time raising money.
- 3.** Special interests, corporations and wealthy individuals can't buy influence.
- 4.** Maine's law is constitutional, and it's a model for other states and for Congress.
- 5.** More than 2/3 of legislative candidates -- Republicans, Democrats, Greens, and independents -- use the Clean Election system.

# Maine Citizens Celebrate

## TEN YEARS, TEN REASONS

6. Tens of thousands of Maine people support Clean Elections with \$5 Qualifying Contributions for the candidates they favor.
7. Clean Election candidates have a spending limit, so they run their campaigns on a tight budget.
8. Fewer uncontested races mean more choices for voters.
9. More people, especially women, run for office who would not have run otherwise.
10. Winning candidates are beholden only to the people who elected them.

**It Works** 

*First-in-the-nation  
Stronger than ever*

That's worth celebrating.
