LD 1579 An Act Regarding the Maine Clean Election Fund had transferred $500,000 of the 2017 appropriation to Clean Election Fund six months early, preventing any shortfall for candidates during the election. It had no fiscal impact.

LD 1579 passed the house 90-64, but was vetoed by Governor LePage. Overriding the veto would have required a 2/3 majority in the House. The override fell short of the required votes, and this bill was not enacted.
